Zero Tolerance

This practice operates a zero tolerance policy; any violent or abusive patients will be reported to the Police and removed from the practice list.

Confidentiality

Why we collect information about you.
The Doctor's staff and others, who are caring for you, keep records about your health and any care or treatment you receive from the NHS. It is important to keep record to help ensure that you receive the best possible care from us.

How we keep your records confidential

Your records are kept in a locked safe place within the surgery either on computer or paper files. Receptionists and admin staff are responsible for keeping your records in order and will from time to time access your records.

Other Agencies

On the odd occasion you may be receiving treatment from other services, we may need to share some information about you so that we can work together for your care. We will pass on the information about you if they have a genuine need for it. There may also be other agencies that may ask for information but we cannot give details without your written consent.
We will not give you medical details over the telephone, unless we are certain of who we are talking to.
